# WHAT DO DONORS SAY?

"This was the most fulfilling event we've ever done or been a part of, thank you!"

**Amanda Bramble**  
**Indian Motorcycle St. Paul/Indian Motorcycle Riders Group**

"In short... it was an incredible experience, and the kids were ecstatic. So cool watching their expressions when the bikes were unveiled. What a powerful program... being an avid cyclist myself I can fully attest to the joy and freedom two wheels can bring."

**Steve Mondek**  
**Motorsports District Manager CO/WY, Yamaha**

"I'm still smiling from the event last week. The Mayor and Valley Metro CEO thanked us profusely for inviting them to be a part of the presentation to the children at Maxine O. Bush Elementary. It was such a "feel good" moment in rewatching the videos and seeing just how excited the kids were."

**Aaron Mueilleur**  
**HDR Senior Vice President Area Manager, Phoenix**

# WHAT DO TEACHERS SAY?

“It’s amazing to see how transformational this experience is for the kids in my classes. I’m not talking about physical skills only; they are gaining tons of physical skills with this program, but I’m seeing emotional and social growth like nothing I have seen in my twenty years of teaching physical education.”

**Cathi Dallesander, PE Teacher, North Street School, CT**

“This program has transformed my classroom into more than just physical education; it has taught my students how to set goals, how to overcome obstacles and push themselves past the fear of the unknown.”

**Gretchen Johnson, PE Teacher  
Cleveland Elementary School, SD**

“You have given kids who may never ride a bike, a great opportunity! And for years to come! They are learning to balance, to use both legs simultaneously, and independently. They are learning so much socialization and personal space.”

**Mary Savage, PE Teacher  
Western Elementary School, Newnan, GA**
